CYPRUS
June - August 2023

For students 7-17 years old

CYPRUS is the third largest island in the Mediterranean with an average of 326 sunny days each year, along with golden sandy beaches, blue warm sea and unspoilt nature. English is widely spoken as Cyprus used to be a British colony. Moreover, it has the highest percentage of students studying in UK universities (population wise).

It is one of the safest countries in the world. It is a perfect place to enjoy a range of outdoor activities all year round (such as swimming, diving, sailing, rock climbing, football, tennis, basketball) and at the same time receive a first class education.
